

Ceres

(ST-0406)

As a wood-stove and cooker in one, Ceres unites the best of two worlds: practicality and cosiness.

On the cooking plate, stews can gently simmer and tea stays pleasantly warm, while the solid cast-iron body stores the heat and radiates it evenly into the room.

In addition to its steel base, chrome rails and cast-iron cooking plate, Ceres is equipped with a rotating grate and a throttle valve.

Wherever it's placed — kitchen, sitting room or cottage — Ceres fits in effortlessly and makes any space feel like home.
